13. OPERATIONAL GUIDELINES FOR PARENTS AND GUARDIANS

- 13.1. Parental support is undertaken by the Institution during the year of attendance, with the acceptance and participation, with the following undertakings:
 - 13.1.1. It is the Institution that stands in the primary relationship with the Student.
 - 13.1.2. It is very important, and in order to ensure the successful transition of the Student during his/her time with the Institution, that the Student takes their own responsibility for every facet of the course. This excludes the primary obligations of payment for class and the commune/residence fees (if applicable).
 - 13.1.3. Information regarding camps and other facets of the course will, for this reason, be directly communicated to the students, to create ownership and responsibility for this information.
 - 13.1.4. We ask that, as the parent/guardian, and very much a participant in this course, will approach your child for any information required. Should you contact the secretary or other personnel of the Institution you are effectively curtailing your child's potential progress.
- 13.2. If a Student does not take the responsibility, or does not listen effectively, they will have to carry the consequences themselves. We place value on the principle that the students need to start taking responsibility for themselves, and their own actions/omissions.

14. GENERAL FEEDBACK REGARDING THE STUDENT

- 14.1. Feedback regarding the course will have to come primarily from your child / the Student.
- 14.2. This process is aimed at potential development, character building, spiritual growth and many unmeasurable facets to be instilled in the Student as a young adult. It is thus impossible for us to give a feedback report on each individual to the parents. A tree is recognised by the fruit it bears. The fruit visible in the Student's behaviour is the only indication of growth and can only be measured from an intimate relationship with your child. We only ask that you as parent/guardian be patient, and to allow the Institution the year to sow the seeds of success.
- 14.3. Some fruit will only be visible in the years to come. If there is any specific reason why you would require feedback, you are welcome to request, via email only, a specified report from the Head of Family. If the feedback received is insufficient, you can make an appointment with the relevant Family Head. These meetings are only held during office-hours.

15. NEED TO KNOW INFORMATION

If there is any specific "need to know information" regarding your child/the Student, we invite you to please disclose this information as this will better equip the Institution to work with the Student. You are therefore more than welcome to make an appointment via email. It is very important that you note what the meeting will entail, so that we can collect the necessary information required from our side and be prepared for an effective meeting.

16. CONCERNS REGARDING THE COURSE OF THE LEADERSHIP

- 16.1. We invite all constructive criticism and, should a concern arise, the following procedure is applicable, in order to address your concerns without delay:
 - 16.1.1. If a Student has a problem of any nature, he/she should take it up with the appropriate Head of Family, this gives the Students the confidence to help themselves and become responsible for their environment.
 - 16.1.2. If the problem can not be resolved after such meeting, the Student may take the concern to the Head of the Institution.
 - 16.1.3. If the problem still remains unsolved, Parents / Guardians can get involved by reporting the problem by way of email to the Institution. A written response will be forwarded to the respective Parent/Guardian and if there is still a need for further discussion, an appointment may be scheduled with the Institution.
- 16.2. In the event of a personal meeting, all conversations may be recorded for reference, control, training and record-keeping purposes. For this reason, major concerns will not be dealt with telephonically. Family leaders and the Head of the Institution will be present at such meetings.

17. FINANCES GENERALLY

Further to the general undertakings of the respective parties to this agreement, and should any account remain outstanding, due and payable, for a period exceeding three months, after the account was handed to the party responsible for payment thereof, the applicable Student may be asked to leave the course, at the absolute discretion of the Institution. Such request shall in no way derogate, waive or amend the provisions of this agreement that the full year's tuition and fees remain due and payable.

18. TATTOOING AND BODY PIERCING

Tattooing and body piercing are matters between Parents/Guardians and their respective children and the Institution will accept no responsibility for any actions or omissions in this regard.

19. GENERAL INFORMATION TO PARENTS / GUARDIANS

All information that is important for the Parents / Guardians to know, will be sent via email. The Parents/Guardians shall at all times keep the Institution updated in respect of up-to-date email address(es) for the Parents/Guardians and shall immediately notify the Institution in the event of any changes to their contact information, including but not limited to the change of residential address(es) and contact numbers.

20. CAMPS

- 20.1. Information regarding camps will be given directly to the students.
- 20.2. Participation in Target Life camps can be intense and exhausting. This may include long bus trips, long walking distances and exhausting physical activities. Good facilities are not always available. It may also involve a change in diet and the use of water.
- 20.3. Due to the workload of our secretary, she is not available to answer personal inquiries. Where necessary, information will be sent at official times. We ask that parents/guardians support us in this regard, and that any information you require, you will request from your child/the Student first.
- 20.4. Hiking trail:
 - 20.4.1. There are no expensive items to be bought for the hiking trail camp or any other camps.
 - 20.4.2. Target Life lends hiking bags to the students for the hiking trail.
 - 20.4.3. Any other gear such as headlamps, sleeping bags, pots and stoves can be borrowed.
 - 20.4.4. Hiking shoes: Old tekkies will be sufficient. Hiking boots are not recommended.
 - 20.4.5. Students will have to provide their own food for the hike. Information regarding this will be communicated to the students.
- 20.5. Involvement with activities with the Institution may require that a Student make use of his/her own transport (whether personally or together with other students) for certain matters /events / activities within Pretoria.

GENERAL PROVISIONS

- 21. This Agreement includes all Annexure hereto and shall be construed as the full agreement between the parties hereto.
- 22. No changes to this agreement will be of any force of effect unless reduced to writing and signed by all parties hereto.

GENERAL CODE OF CONDUCT	
DISCIPLINARY RULES AND BOUNDARIES	
Core Value 1	Discipline forms part of our core values, and the Institution’s discipline structure is there to protect the students and the Institution.
Core Value 2	The rules recognise freedom of choice with the accompanying responsibilities and consequences.
Core Value 3	The Student will, for the full duration of the course (mid-January to mid-November), be subject to the Rules of the Institution and shall take all necessary steps to ensure full compliance with the Rules. The reason for this is that people look at the process critically to see what we build into the lives of the students. Some rules are there to help fellow students who struggle with temptations. Although you might not be struggling with the same temptations, the same rules will apply, and you are required to comply with such rules. Therefore the Biblical principle is that we will help our fellow students not to fall into the same temptations again.
Core Value 4	To better equip the Student for the “things” in life. In the case where students feel that this is their first year out of school and they want to experience new “things”, then they will miss the whole point of the Institution. Rather reconsider registering for this year and become better equipped.
