## **Request for Sponsorship**

Whom it may concern

Target Life is a potential development year ("gap year") for young people between the ages of 18 and 25. Target Life uses a principle based process (The Prosthesis process) that would not only help young people to bridge the gap between education and a career, but will also assist them in discovering their potential and coach them in the skills to release their gifting and leadership. This process integrates experiential learning, team building, life skills and adventure learning to bring perspective over the individual's past, present and future in the area of body, soul and spirit; equipping them for the most important matters in life. Target Life is based on a Biblical worldview.

The costs for the year 2018 amounts to R 43 700. The cost for commune accommodation amounts to R1800 - R2000 per month for the rental of a room.

The value of this course for an individual and for the kingdom could be immeasurably large. If you are able to sponsor the full amount or a portion thereof it will be greatly appreciated. The sponsors are checked and all monies go through Living Word's finance office.

If you feel led to support this matter the opportunity is available. Target life is willing to at any time give more information or get in contact with you personally. The course is very complex and can only be explained effectively "by word of mouth" you are welcome to contact us.

Please see our account details of Target Life below. If you are interested in sponsoring a student and the money is already paid into the account we would appreciate it if you will please send us a proof of payment by email.
