2018

Dear Target Life Friend

The difficult economic climate that we find ourselves in has become a big challenge for students to enroll at Target Life, a gap year that develops the potential of youth. To keep the standards of training high, funding is also needed. Our desire is to make this great opportunity available to more young adults. In order to generate the funds, we created an opportunity for anyone to donate a small monthly amount by debit order or a once off larger amount. This will enable us to reach our goals and hopefully provide money for projects such as buying vehicles and books, which we need urgently. We are consistently working hard to make Target Life more effective and available to more students. Larger funding can open the door to taking this process to communities that cannot afford such an opportunity. Thank you for your interest.

Kind regards

The Target Life team
